**STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT
Reimbursement for Instate Acute Care Inpatient Hospital Services
Disproportionate Share Hospital**

3. Health Care Subsidy Fund - Charity Care Subsidy

a) The charity care subsidy shall be determined according to the following methodology:

i) If the statewide total of adjusted charity care is less than available charity care funding, a hospital's charity care subsidy shall equal its "adjusted charity care."

ii) If the statewide total of adjusted charity care is greater than available charity care funding, then the hospital-specific charity care subsidy shall be determined by allocating available charity care funds to equalize hospital-specific payer-mix factors with the statewide-target payer-mix factor. Those hospitals with a payer-mix factor greater than the statewide-target payer-mix factor shall be eligible to receive a subsidy sufficient to reduce their factor to the statewide level. Those hospitals with a payer-mix factor that is equal to or less than the statewide-target payer-mix factor shall not be eligible to receive a subsidy.

iii) Charity care subsidy payments shall be based on actual documented charity care.

b) As used in the distribution of the charity care subsidy:

i) The hospitals with a hospital-specific payer-mix factor shall be equal to a hospital's adjusted charity care divided by its revenue from private payers.

ii) The hospital's revenue from private payers shall be equal to the sum of the gross revenues, as reported on the Department of Health and Senior Services' (DHSS) most recently available New Jersey Hospital Cost Reports for all non-governmental third party payers including, but not limited to, Blue Cross and Blue Shield plans, commercial insurers and health maintenance organizations.

Supersedes TN 95-16 Effective Date MAY 22 1996

**STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT
Reimbursement for Instate Acute Care Inpatient Hospital Services
Disproportionate Share Hospital**

- iii) The hospital-specific adjusted charity care shall be equal to a hospital's documented charity care times its hospital-specific profitability factor.
 - iv) The hospital-specific documented charity care shall be equal to the dollar amount of charity care provided by the hospital that is verified in DHSS's most recent charity care audit conducted under the rules adopted by DHSS and valued at the same rate paid to that hospital under the Medicaid program, except for charity care services provided to emergency room patients who do not require those services on an emergency basis. Beginning with calendar year 1997, those services shall be valued based on a schedule of rates adopted by DHSS.
 - v) Documented charity care for 1996 shall equal audited, Medicaid-priced amounts for the first three (3) quarters of Calendar Year 1995. This amount shall be multiplied by 1.33 to determine the annualized 1995 charity care amount. This annualization accounts for charity care provided by hospitals for the last quarter of 1994. Documented charity care for 1997 shall equal audited, Medicaid-priced amounts for the last quarter two (2) years prior to the payment period and the first three (3) quarters of the year prior to the payment period.
 - vi) The statewide-target payer-mix factor is the lowest payer mix factor to which all hospitals receiving charity care subsidies can be reduced by spending all available charity care subsidy funding for that year.
- c) A hospital's hospital-specific profitability factor shall be determined annually as follows:
- i) Valued at one (1) if a hospital's hospital-specific operating margin is less than or equal to the state-wide operating margin. If a hospital's hospital-specific operating margin is greater than the statewide median operating margin, hospital-specific profitability factor shall be equal to:

**STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT
Reimbursement for Instate Acute Care Inpatient Hospital Services
Disproportionate Share Hospital**

- (1) 75 times (hospital-specific operating margin less statewide median operating margin), 1 minus highest hospital-specific operating margin less statewide median operating margin.
- ii) For 1996, the hospital-specific operating margin shall be equal to the hospital's 1993 and 1994 income from operations minus its 1993 and 1994 charity care subsidies divided by its 1993 and 1994 total operating revenue minus its 1993 and 1994 charity care subsidies.
- iii) For 1997, the hospital-specific operating margin shall be calculated in the same manner as 1996, but on the basis of income from operations, total operating revenue and charity care subsidies from the three (3) most current years.
- iv) A hospital's income from operations and total operating revenue shall be defined in New Jersey Regulations.
- v) Consistent with section 13261 of the Omnibus Budget Reconciliation Act of 1993 (OBRA'93), (Public Law 103-66). (Section 1923 (c) of the Social Security Act; 42 U.S.C. 1396rO4). DMAHS will limit its DSH payments to hospitals. Section 13261 of the OBRA '93 established hospital-specific limits on the amount of the payment adjustments that the State may make to a hospital during the State Fiscal Year ending June 30, 1996, and the years thereafter. The annual DSH payment to each hospital will not exceed the respective hospital-specific limit.

Working Individuals with Disabilities - Basic
Coverage Group – TWWIIA

In determining financial eligibility for working individuals with disabilities under this provision, the following standards and methodologies are applied:

 The agency does not apply any income or resource standard.

NOTE: If the above option is chosen, no further eligibility-related options should be elected.

 X The agency applies the following income and/or resource standard(s):

The resource standard is established at \$20,000 for an individual and \$30,000 for a couple. Earned income can not exceed 250 percent of the Federal poverty level for an individual or a couple. Unearned income can not exceed 100 percent of the Federal poverty level for an individual or a couple. Income methodologies are further described in Supplement 8a to Attachment 2.6-A.

Income Methodologies

In determining whether an individual meets the income standard described above, the agency uses the following methodologies

___ The income methodologies of the SSI program.

___ The agency uses methodologies for treatment of income that are more restrictive than the SSI program. These more restrictive methodologies are described in Supplement 4 to Attachment 2.6-A

X The agency uses more liberal income methodologies than the SSI program. More liberal income methodologies are described in Supplement 8a to Attachment 2.6-A.
